

Hit your mark... Recognition

The recognition events allow chapters to "show off" what they have done in the academic year. It also provides an opportunity for capturing volunteer hours. Consider the following to really perform well...

1

Decide which event you feel fits you

2

Carefully read through the event guidelines

3

Track and record your volunteer hours

4

Work with chapter members regarding the other events

5

If taking the health care issues exam, make sure to use the resources to study for this test
